Published for the
INTERNATIONAL FEDERATION FOR CELL BIOLOGY
by ACADEMIC PRESS
London Orlando San Diego New York
Toronto Montreal Sydney Tokyo

Editor
Gillian Bullock — *CIBA-GEIGY, Basel, Switzerland.*

Regional Editors

Western Hemisphere, North, Central and South America
A. Zimmerman — *University of Toronto, Department of Zoology, 25 Harbord Street, Toronto, Ontario, Canada M5S 1A1.*

Japan and South East Asia
H. Sato — *Sugashima Marine Biological Laboratory, Nagoya University, Sugashima – Toba, Mie 517, Japan.*
T. Okigaki — *Division of Cell Biology, Shigei Medical Research Institute, Okayama, Japan.*

Editorial Board

D. Bainton — *Department of Pathology, School of Medicine, University of California, San Francisco, U.S.A.*
E. A. Barnard — *MRC Molecular Neurobiology Unit, MRC Centre, Cambridge, U.K.*
O. Behnke — *Department of Anatomy, University of Copenhagen, Copenhagen, Denmark.*
M. de Brabander — *Laboratory of Cellular Biology, Janssen Pharmaceutica, Beerse, Belgium.*
G. Cotta-Pereira — *Universidade do Estado do Rio de AJaneiro, Rio de Janeiro, Brazil.*
I. Cameron — *Department of Cellular and Structural Biology, The University of Texas, San Antonio, Texas, U.S.A.*
F. Clementi — *Department of Pharmacology, University of Milan, Milan, Italy.*
A. Forer — *Department of Biology, York University, Ontario, Canada.*
W. W. Franke — *Institute of Cell and Tumour Biology, German Cancer Research Centre, Heidelberg, Federal Republic of Germany.*
L. A. Ginsel — *Laboratory of Electron Microscopy, Leiden, The Netherlands.*
G. Giudice — *Department of Cellular and Developmental Biology, University of Palermo, Palermo, Italy.*
D. O. Hall — *King's College, London, U.K.*
L. Jimenez de Asua — *Department of Cell Biology, Faculty of Health Sciences, S-581 85, Linköping, Sweden.*
E. Mercer — *Department of Pathology, Temple University School of Medicine, Philadelphia, U.S.A.*
M. L. Pardue — *Department of Biology, Massachusetts Institute of Technology, Cambridge, U.S.A.*
B. Parthier — *Institut für Biochemie der Pflanzen, Akademie der Wissenschaften der DDR, Weinberg, German Democratic Republic.*
H. Passow — *Max Planck Institute for Biophysics, Frankfurt am Main, Federal Republic of Germany.*
K. Roberts — *Department of Cell Biology, John Innes Institute, Norwich, U.K.*
R. Ross — *Department of Pathology, University of Washington, Seattle, U.S.A.*
W. Sachsenmaier — *Institute für Experimentelle Krebsforschung, Universitat Innsbruck, Innsbruck, Austria.*
P. Satir — *Department of Anatomy, Albert Einstein College, 1300 Morris Park Avenue, Bronx, New York 10461, U.S.A.*
H. G. Schweiger — *Max Planck Institut für Zellbiologie, Ladenburg bei Heidelberg, Federal Republic of Germany.*
S. Segal — *Department of Immunology and Microbiology, Ben Gurion University of the Negev, Beer Sheva, Israel.*
R. Shields — *Unilever Research, Sharnbrook, Bedfordshire, U.K.*
A. S. Spirin — *Institut of Protein Research, Pushchino, Moscow, U.S.S.R.*
G. S. Stein — *Department of Biochemistry, University of Florida, College of Medicine, Gainesville, U.S.A.*
A. Vaheri — *Department of Virology, University of Helsinki, Helsinki, Finland.*
A. J. Verkleij — *Institute of Molecular Biology, State University of Utrecht, Utrecht, The Netherlands.*
B. Westermark — *Department of Pathology, University Hospital, Uppsala, Sweden.*
R. Williamson — *Department of Biochemistry, St Mary's Hospital Medical School, London, U.K.*
R. E. Williamson — *Department of Developmental Biology, The Australian National University, Canberra, Australia.*
K. E. Wohlfarth-Botterman — *University of Bonn, Institute of Cytology, Bonn, Federal Republic of Germany*
Z. Yau — *Shanghai Institute of Cell Biology, Academia Sinica, Shanghai, China.*
